MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence

FROM: Director, Office of External Affairs

SUBJECT: Request from Representative James Courter (R., NJ) Re
Informal Photographic Session with DCI

1. Representative Courter of the House Armed Services Committee (HASC) has requested an informal photographic session with you on Wednesday morning, 27 January, prior to your Worldwide briefing before HASC at 1000 hours.

2. The Congressman's office would arrange for House photographers to be present at the HASC hearing room, 2117 Rayburn House Office Building, or, if you prefer, to conduct the session at the Congressman's office, 325 Cannon House Office Building. If you choose to do this, we can make the appropriate arrangements with the Congressman's staff.

3. I recommend, however, that the meeting take place in the Congressman's office rather than at the hearing room since Agency security personnel will have already secured the room for your appearance by that time. We can, of course, try to arrange to hold this at another time.
